Subject: Notice of Fraudulent Profile, Review Manipulation, and Coordinated Harassment **Target Entity:** Lunar Astro / Deepanshu Giri

1. Notice of Violation

This is a formal notification from the Independent Human Rights & Online Fraud Protection Organisation. The profile for “Lunar Astro” and its founder “Deepanshu Giri” on your platform is in direct violation of your Terms of Service regarding deceptive practices, fake engagement, and review manipulation.

2. Evidence of Manipulation

Digital forensic investigations have confirmed that the target entity utilizes automated bot networks and paid troll farms to:

1. **Fabricate Positive Engagement:** Flood your platform with fake 5-star reviews to artificially inflate their trust score.
2. **Suppress Legitimate Complaints:** Mass-report and flag genuine negative reviews from defrauded consumers.
3. **Harass Whistleblowers:** Use the platform as a base of operations to identify and subsequently cyberbully dissatisfied clients across other social media networks.

3. Consumer Fraud Context

The entity is currently under investigation for:

- **Bait-and-Switch Consultations:** Charging premium fees for the founder’s time, but delivering services via proxy students.
- **Medical Misinformation:** Promoting unverified astrological cures for serious medical conditions (e.g., autism, cancer).
- **Financial Exploitation:** Refusing refunds for undelivered or misrepresented services.

4. Required Action

We formally request the immediate suspension and removal of the Lunar Astro and Deepanshu Giri profiles from your platform to protect consumers from further financial and emotional harm. Failure to act allows your platform to be weaponized as a tool for consumer fraud.
